

# 2025 Continuity of Care Program

## PROGRAM STARTS FEBRUARY 2025

We are pleased to announce the 2025 Continuity of Care (CoC) Program, launching in February 2025. This initiative aims to reward primary care providers (PCPs) for proactively coordinating preventive medicine and thoroughly assessing patients to improve health and clinical quality of care. By participating in this program, you could earn up to **\$400 per member** based on program-specific requirements. *Read below for more details.*

### How it Works

The CoC program provides an opportunity to earn added compensation by using the Appointment Agenda as a tool to guide your patient encounters with our plan members. The Appointment Agenda combines health condition history, HEDIS® measures, pharmacy, high risk, clinical, and drivers of health (aka social determinants of health) insights, if applicable, into one comprehensive view to provide visibility into members’ existing medical conditions and to increase the quality of care for our members. Providers are eligible for added compensation for completing the “Health Condition History” portion of the Appointment Agenda during member visits and submitting the completed Appointment Agendas with corresponding verified and documented diagnoses on qualified claims. Please make sure your medical record documentation supports your diagnoses submitted on claims. Of note, there is an added amount paid for Appointment Agendas submitted electronically.

**For a list of available submission methods, please see the QR code and URL at the end of this document.**

THRESHOLD PERCENTAGE OF APPOINTMENT AGENDAS COMPLETED	BONUS PAID PER PAPER APPOINTMENT AGENDA SUBMISSION	BONUS PAID PER ELECTRONIC APPOINTMENT AGENDA SUBMISSION
<50%	\$50	\$100
≥50% to <80%	\$100	\$200
≥80%	\$150	\$300

Thresholds are calculated at the company, line of business, and provider levels. Comprehensive medical record (CPE) submissions **are not eligible** for CoC additional compensation.

The CoC program is *in addition* to our health plan’s other provider compensation programs and does not replace them.
